This spring, the SSS participants were able to go to ASU and attend The EDC Dance Concert on February 17, 2016. The students voiced they really enjoyed the entire performance from the ASU students. The songs and dance were mainly from the sixty’s and seventy’s rock and jazz genres combined. The student enjoyed the way the performance was done. The students could really find themselves in the music regardless of the era of the song and dance. The performances were full of life, love and spirituality. They also added gospel. The students were into what they were doing. It made all of us delighted to be there to support the school as well as the arts.
