**WALLACE COMMUNITY COLLEGE SELMA**  
**Department of Health Sciences**

**NURSING COURSE DESCRIPTIONS**

**Associate Degree Nursing: Generic Program**

**NUR 112. Fundamental Concepts of Nursing. 7 hrs.**

**PREREQUISITE:** Admission to nursing program

**COREQUISITES:** MTH 100, BIO 201

**Course Description:** This course provides foundational knowledge of nursing concepts and incorporates clinical decision making to provide evidence based nursing care.

**Content includes but is not limited to:** nursing domain, health care domain, individual domain, assessment, and pharmacological concepts.

**NUR 113. Nursing Concepts I 8 hrs.**

**PREREQUISITE:** Successful completion of NUR 112, MTH 100, and BIO 201.

**COREQUISITES:** ENG 101, BIO 202

**Course Description:** This course reinforces foundational knowledge of nursing concepts across the lifespan and incorporates clinical decision making to provide evidence based nursing care. **Content includes but is not limited to:** homeostasis; perioperative care; oxygenation and infection; nutrition and inflammation; perfusion; metabolism; and mobility.

**NUR 114. Nursing Concepts II 8 hrs.**

**PREREQUISITE:** Successful completion of NUR 113, ENG 101 and BIO 202.

**COREQUISITES:** PSY 200, BIO 220

**Course Description:** This course reinforces concepts of nursing and incorporates clinical decision making across the lifespan to provide evidence based nursing care. **Content includes but is not limited to:** sensory perception, intracranial regulation, sexuality, reproduction, elimination, perfusion, oxygenation, elimination/nutrition/inflammation, metabolism, immunity, cellular regulation, and basic concepts of emergent care.

**NUR 115. Evidence Based Clinical Reasoning. 2 hrs.**

**PREREQUISITE:** Successful completion of NUR 113, ENG 101 and BIO 202.

**COREQUISITES:** PSY 200, BIO 220

**Course Description:** This course provides students with opportunities to collaborate with various members of the health care team in a family and community context. Students utilize clinical reasoning to assimilate concepts within the individual, health, and nursing domains.

**NUR 211. Advanced Nursing Concepts. 7 hrs**

**PREREQUISITE:** Successful completion of NUR 114, NUR 115, PSY 200 and BIO 220

**COREQUISITES:** PSY 210, SPH 106 OR 107

**Course Description:** This course provides opportunities for students to integrate advanced nursing care concepts within a family and community context.

**WALLACE COMMUNITY COLLEGE SELMA  
Department of Health Sciences**

**NUR 221. Advanced Evidence Based Clinical Reasoning.**

**PREREQUISITE: Successful completion of NUR 211, PSY 210 and SPH 106 or 107**

**COREQUISITES: Approved Humanities Elective**

**Course Description: This course provides students with opportunities to demonstrate graduate competencies through didactic and preceptorship experiences necessary to transition to the profession of nursing. Content includes various topics within the nursing and health care domains.**

**WALLACE COMMUNITY COLLEGE SELMA**  
**Department of Health Sciences**

**Associate Degree Nursing: Mobility Program**

**NUR 209. Concepts for Healthcare Transition Students. 10 hours**

**PREREQUISITE: Admission to nursing program**

**This course focuses on application of nursing concepts to assist health care professionals to transition into the role of the registered nurse. Emphasis in this course is placed on evidenced based clinical decision making and nursing concepts provided in a family and community context for a variety of health alterations across the lifespan.**

**NUR 211. Advanced Nursing Concepts. 7 hrs**

**PREREQUISITE: Successful completion of NUR 114, NUR 115, PSY 200 and BIO 220**

**COREQUISITES: PSY 210, SPH 106 OR 107**

**Course Description: This course provides opportunities for students to integrate advanced nursing care concepts within a family and community context.**

**NUR 221. Advanced Evidence Based Clinical Reasoning.**

**PREREQUISITE: Successful completion of NUR 211, PSY 210 and SPH 106 or 107**

**COREQUISITES: Approved Humanities Elective**

**Course Description: This course provides students with opportunities to demonstrate graduate competencies through didactic and preceptorship experiences necessary to transition to the profession of nursing. Content includes various topics within the nursing and health care domains.**

**WALLACE COMMUNITY COLLEGE SELMA**  
**Department of Health Sciences**

**PRACTICAL NURSING PROGRAM**

**NUR 112. Fundamental Concepts of Nursing. 7 hrs.**

**PREREQUISITE:** Admission to nursing program

**COREQUISITES:** MTH 100, BIO 201, PSY 200

**Course Description:** This course provides foundational knowledge of nursing concepts and incorporates clinical decision making to provide evidence based nursing care.

**Content includes but is not limited to:** nursing domain, health care domain, individual domain, assessment, and pharmacological concepts.

**NUR 113. Nursing Concepts I 8 hrs.**

**PREREQUISITE:** Successful completion of NUR 112, MTH 100, BIO 201 and PSY 200.

**COREQUISITES:** ENG 101, BIO 202, PSY 210

**Course Description:** This course reinforces foundational knowledge of nursing concepts across the lifespan and incorporates clinical decision making to provide evidence based nursing care. **Content includes but is not limited to:** homeostasis; perioperative care; oxygenation and infection; nutrition and inflammation; perfusion; metabolism; and mobility.

**NUR 114. Nursing Concepts II 8 hrs.**

**PREREQUISITE:** Successful completion of NUR 113, ENG 101, PSY 210 and BIO 202.

**COREQUISITES:** SPH 106 OR 107

**Course Description:** This course reinforces concepts of nursing and incorporates clinical decision making across the lifespan to provide evidence based nursing care. **Content includes but is not limited to:** sensory perception, intracranial regulation, sexuality, reproduction, elimination, perfusion, oxygenation, elimination/nutrition/inflammation, metabolism, immunity, cellular regulation, and basic concepts of emergent care.

**NUR 115. Evidence Based Clinical Reasoning. 2 hrs.**

**PREREQUISITE:** Successful completion of NUR 113, ENG 101, PSY 210 and BIO 202.

**COREQUISITES:** SPH 106 OR 107

**Course Description:** This course provides students with opportunities to collaborate with various members of the health care team in a family and community context. Students utilize clinical reasoning to assimilate concepts within the individual, health, and nursing domains.
