YOUR FINANCIAL AID

Federal regulations require that a student receiving federal financial aid make satisfactory academic progress in accordance with the standards set by the College and the federal government. These limitations include all terms of enrollment, whether or not aid was awarded or received. In addition, students must complete their programs of study before attempting 150% of the credits required to complete the program. The Financial Aid Office will evaluate satisfactory academic progress before aid is awarded and after grades are posted for every term, starting with their first term of enrollment.

Your academic status must be good, warning, probation with financial aid, or monitored academic plan with financial aid to be eligible for financial aid.

⇒ Financial Aid Good Standing – Students who are meeting all aspects of the satisfactory academic progress policy.

⇒ Financial Aid Warning Status – Students who fail to meet satisfactory academic progress for the first time will be automatically placed in a Warning Status for one (1) term and are expected to meet SAP requirements by the end of that term.

⇒ Financial Aid Probation Status – Students who have successfully appealed financial aid suspension are placed in Probation Status. Students in Probation Status are eligible to receive financial aid for one (1) semester.

⇒ Financial Aid Suspension Status – Students in Suspension Status are not eligible to receive financial aid.
