Program Reaches Capacity

Student Support Services Program has reached capacity, and will not be accepting any more students until September 2015. Over 80% percent of the student population enrolled at WCCS qualifies for the program. The program unfortunately, can serve only 300 students each academic year. Participants remain in the SSS program until they graduate with an associate’s degree or certificate and/or transfer to a four-year institution. If you are interested in becoming an SSS participant, please complete and submit an application. You may stop by the office to get an application or you may download an application via the college website.
